Winter 2006/2007

**Happy New Year!**

Thanks to all of you, our anniversary sale was a huge success! I continue to be grateful for your support. Thanks to our dedicated and committed staff too! Jean, Tina, Lorinda, Leigh, Ivy, Margaret, Joyce and Barbara Kravets, (Max too! )

We will be celebrating again (we love to party) with a Customer Appreciation Day on Saturday February 17, with a natural food buffet served from 12-3. AND 20% off Everything !!

Your feedback is always appreciated so keep the comments coming. We do strive to make your experience here satisfying.

Once again thank you so much, I love our store and I cherish the opportunities that God has given me here in McHenry to serve and teach.

May your new year be blessed and in good health!

Anne Worth

**Say no to Flu! Say yes to Oscillo!!!!**

**Oscillococcinum® has been shown in clinical trials to help reduce the severity and shorten the duration of flu symptoms**

Oscillococcinum works rapidly, with 63% of patients showing "clear improvement" at 48 hours. In a double-blind, placebo-controlled, clinical trial, the recovery rate within 48 hours of treatment was significantly greater in the group that received the active drug than in the placebo group. Unlike other flu medicines, Oscillococcinum does not cause side effects, such as drowsiness, and has no known or reported drug interactions. Oscillococcinum is regulated as a drug by the FDA and can be purchased at pharmacies, natural food stores, and supermarkets.

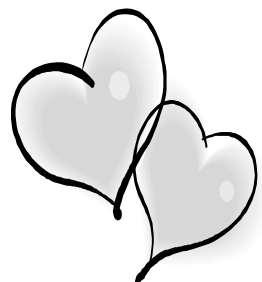

Make sure you have Oscillococcinum on hand because it works best when taken early.

Use Oscillococcinum at the first signs of flu.

## What is homeopathy?

Homeopathy was developed by Dr. Samuel Hahnemann over 200 years ago in Germany, and has been practiced in the United States since 1825. Homeopathic medicines are derived from micro doses of natural substances that come from mineral, botanical, and biological sources. Because the active ingredients appear in such small doses, there are no known side effects, drug interactions or toxic reactions to homeopathic medicines. They are reliable and safe drugs, therefore considered by many as an excellent choice as a first line of treatment.

In the U.S., the Food and Drug Administration has regulated homeopathic medicines as drugs since 1938. The initials "HPUS" on a label indicates that the ingredients of the drug are officially referenced in the Homeopathic Pharmacopoeia of the United States and assures the product meets standards of strength, quality, and purity.

**Max's Pet Picks**

**Max, Our canine greeter**

I have some suggestions for pet products in our store.

- Pet Guard Organic Cat and Dog Food wet and dry, finally!
- Solid Gold Tiny Tots & Lamb Jerky Dog treats. (I love them!)
- Solid Gold Beef Jerky
- Now Fish Oil
- Nature's Vet Cranberry Powder for urinary tract infections.
- My owner brushes my teeth (yuk!) regularly with colloidal silver and an Oramedix children's toothbrush. My breath is so

much better! The bones just aren't enough, but I love 'em.

- Recently I had the rabies shot (yuk!), she gave me a homeopathic detoxifier, Vaccistat, to rid me of the toxins. This will work for anyone who has to have a vaccine. The best way to administer is 3 times a day for a week before and then for 2 weeks after.

Come by and pet me soon! I love the attention, especially behind my ears!

Max
